# Summer-Flowering BULBS • SPRING 1953

Gigantic Holl AMARYLL

Dutch growers have produced Amaryllis strains which are now u beauty. Gloriously, the beauty of nature reveals itself in these mighty flowers, are borne on strong, sturdy stems. It is amazing and exching to see the flower bush emerge from the large bulbs only a few weeks after planting, and burst into such gigantic, glorious blooms-opening 8 inches across! Often, more flower buds emerge after the first have finished blooming. Your investment in Royal Dutch Amaryllis will pay dividends in beauty each year as the original bulbs last many, many years.

# Selected Novelties from Holland

For the guidance of those who wish to select the very best of the newest varieties imported from Holland, we have specially selected the following magnificent varieties. These are just about the most outstanding Gladiolus we have ever had the pleasure to offer. Each and every one of these prize-winning Gladiolus is a sight to behold and will bring new, exciting beauty to your garden. We know of no other Gladiolus which are so extra fine in rich, vibrant colors, and with such large florets of excellent texture and substance. The individual flowers open wide and are well placed on very tall, upright stems. Whether you grow them for bedding, cutting or show purposes, you will surely be proud of these exquisite flowers

Lilies

The varieties illustrated to the right have been specially selected for their early and spring blooming characteristics. They will provide ample color and delightful fragrance in your garden in late spring, after early Spring-flowering bulbs have finished blooming.

No other plants possess as many charms as Lilies. Available in such a variety of shapes and rich colors, they are stately in form and of such delicious fragranges that they stand out fragrance that they stand out prominently.

Lilies do best in the hardy border or among shrubbery. They love to have their "heads in the sun and feet in the shade" —so provide a location where the base of the plant will be some-what shaded. Once established, Lilies increase in beauty year

**LONGIFLORUM** (Easter Lily). An exceptionally fine Lily bearing large, pure white, trumpet-shaped flowers on stems 2 feet tall. Delightfully fragrant and a prolific bloomer. A perfect Lily for the border and an excellent variety for growing in pots. Blooms in July.

3 for \$1.00 Each 35c

10 for \$2,75

REGALE. One of the finest trumpet varieties available—a splendid, regal beauty! White flowers, slightly yellow in throat. The outside of the petals is flushed delicate lilac-pink. A very sturdy and vigorous Lily which bears its magnificent flowers on strong stems 3 to 5 feet tall. Each year, as the plant becomes established, more and more delightful trumpets are produced. Blooms in July.

Each 40c 3 for \$1.10 10 for \$3.00

Each 40c 3 for \$1.10 10 for \$3.00

ORANGE TRIUMPH. One of the earliest Lilies to bloom. The handsome new variety produces massive, chalice-shaped flowers of a remarkably brilliant orange color. The bold flowers are upward facing and carried on 3½-foot stems. It is ideal for creating mass effects in the garden and blooms pro-fusely when established. For bolder effects, plant in groups of at least three. June

#### POPULAR PRICED

# Amaryllis HYBRIDS

This is a fine strain of large-flowered Americangrown hybrids. They produce most beautiful indoor plants. Bulbs potted from January to May will flower freely indoors. They may also be grown in the garden. This strain with large, well-formed blooms of great beauty is available in MIXTURE ONLY, ranging from the richest self-colors to bicolored and tricolored blooms.

Selected large bulbs

Each 50c 3 for \$1.35

10 for \$4.00

# Double Ranunculus

Unusual flowering bulbs producing large, turbanhaped or globular flowers. This is a superior strain, which produces fully double flowers with a blending of semi-double blooms. The curiously shaped bulbs resemble spiders and should be planted with claws extending downward. Popular for mass plantings in the border, for growing in pots indoors. Excellent as cut flowers. Plant outdoors in May.

FRENCH HYBRID MIXTURE. Consists of a wide range of brilliant colors from red, through orange, yellow and pink.

DELIVERY. Prices include transportation charges.

CULTIVATION. Easy-to-folics planning instructions enclosed with every shipment.

GUARANTEE. All bulbs are guaranteed to be true to name and sure to bloom. Our liability, however, is limited to the purchase price of the bulbs.

# Zephyranthes (FAIRY LILIES)

Produces rush-like foliage, about 6 inches high, from which rise open-petaled, crocus-like flowers. Fine in the rock garden. Bloom with great profusion during the summer.

ROSEA. Clear rose; large. 10 for 80c

50 for \$3.60

CANDIDA. Pure white.

50 for \$2,25

# Colorful Anemones

Exceedingly brilliant flowers up to 2½ inches across are borne on 1½-foot stems. For nice effects, they should be planted in clumps of 6 or more. They are very showy in the garden and are also excellent for cutting. Plant bulbs about 2 or 3 inches deep in a cool, moist, but well-drained soil. Blooms in early summer.

DE CAEN. Beautiful, single flowers in an array of exquisite colors ranging from white through brilliant shades and combinations of purple, red and blue.

10 for 50c 50 for \$2.25
